The Nazi and the Psychiatrist - Jack El-Hai - 2013-09-10

In 1945, after his capture at the end of the Second World War, Hermann Göring arrived at an American-run detention center in war-torn Luxembourg, accompanied by sixteen suitcases and a red h Salisbury. The suitcases contained the equivalent of 1 million in cash. Hidden in a coffee can, a set of brass vials housed glass capsules containing a clear liquid and some white precipitate potassium cyanide. Joining Göring in the detention center were the elite of the Ss 6th SS-Verfügungstruppe, a buttress to the SS, plus the 17th SS-Freiwilligen-Leibstandarte, a brand new SS unit. The Quest for the Nazi Personality - Eric A. Zillmer - 2013-10-31

Half a century after the collapse of the Nazi regime, scholars from a range of fields continue to examine the causes of Nazi Germany. An increasing number of young Americans are attempting to understand the conditions that led to the rise of Nazism, and that condition can still lead to similar events. In 1999, the American Civil Rights movement was under attack by the NAACP, and the equivalent of 1 million in cash. When Field Marshall Hermann Goering, Deputy Führer and commander of the Luftwaffe, appeared before the Nuremberg Tribunal on January 24, 2022 by guest 2/4 Downloaded from https://books.google.com.br on January 24, 2022 by guest

When Field Marshall Hermann Goering, Deputy Führer and commander of the Luftwaffe, appeared before the Nuremberg Tribunal, no one could have foreseen the dramatic developments that would follow. Goering, who was one of the most prominent figures in the Nazi regime, had been a key player in the Holocaust and other atrocities.

The story of Goering's trial is told through a series of court transcripts, which provide a unique and vivid insight into the Nuremberg Tribunal. Goering's case was one of the most complicated and challenging of the trials, as he had been a key player in the Nazi regime and had played a role in some of the most notorious atrocities of World War II.

The trials at Nuremberg were designed to hold the dominant leaders of the Nazi regime accountable for their actions. Goering's trial, in particular, was notable for the intense cross-examination and the sometimes heated arguments between Goering and the prosecutors.

Goering was convicted on a variety of charges, including war crimes, crimes against peace, and crimes against humanity. He was sentenced to death by hanging, but his sentence was later commuted to life imprisonment.

Goering's trial is an important and significant moment in the history of the Nuremberg Tribunal, as it marked a turning point in the prosecution and punishment of war criminals. The trial had a profound impact on the world, and its legacy continues to be felt today.
well. He also reveals that there was no single overarching blueprint for the Holocaust. Instead, a series of escalating compounds into the horror. Though Hitler was most responsible for what happened, the blame is widespread. Rees reminds us, and the effects are enduring. The Holocaust: A New History is an accessible yet

The Holocaust - Laurence Rees - 2007-04-18
June 4, 1944. Freda Wileen and her family arrived at Auschwitz-Birkenau, the infamous Nazi concentration and death camp. This was a very dark day in the life of an 85-year-old Freda, whose life was spared and her mother was sent to the gas chambers. Freda only survived because the Allies won the war – the Nazis ultimately wanted every Jew to die. However, she was one of millions of Jews who had been because of their race, religion, or other stigma. Jews simply did not live to – not because of what they had done, but because of who they were. Laurence Rees has spent twenty-five years meeting the survivors and perpetrators of the Third Reich and the Holocaust. In this sweeping history, he combines this testimony with the latest academic research to investigate how history's greatest crime was possible. Rees argues that while the hatred of the Jews was at the epicenter of that crime, it was fully underpinned by a sociopolitical system that was born out of the naivete of many as well. He also reveals that there was no single overarching blueprint for the Holocaust. Instead, a series of escalations compounded into the horror. Though Hitler was most responsible for what happened, the blame is widespread. Rees reminds us, and the effects are enduring. The Holocaust: A New History is an accessible yet

What We Were Doing and Where We Were Going - Damion Searls - 2009
Seventeen years after the publication of the first volume of Jacques Roubaud's epic and moving “The Great Fire of
London,” Dalkey Archive Press is proud to publish the first English translation of The Loop, the second novel in
Roubaud's Proustian series, which has in its capacity to astonish been compared to the compositions of Messiaen
and the buildings of Antonio Gaudi. Devastated after the death of his young wife, Alix, the author conceives of a
project that will allow him not only to continue writing, but continue living—a book that leads him to
confront his terrible loss as well as examine the lonely world in which he now seems, more and more, to exist: that
of Memory. The Loop finds Roubaud returning to his earliest recollections, as well as considering the nature of
memory itself, and the process—both merciful and terrible—of forgetting. Neither memoir nor novel, by turns
playful and despairing, The Loop is a masterpiece of contemporary prose.
